Not knowing whether
you wish our filters, ~~to~~ or not, we will hold them out
until we hear from you —

If you wish them to sell
we will give you our best terms —

Very Res^d yours
Jno C Jewett & Sons

JEWETT'S NEW Sideboard Palace Refrigerator,

PATENT APPLIED FOR.

With Porcelain-Lined Water Cooler. Plated Lever Faucet. Sponge and Gravel Filter.

Charcoal-Filled. Patent Ice Rack. Grained Black Walnut. Maple Panels.

PRICE LIST AND DIMENSIONS.

NO.	LENGTH.	DEPTH.	HEIGHT.	PRICE.
No. 72.....	36 inches.	21½ inches.	46 inches.	Each, \$35.00.

OUTSIDE MEASURE.

This is a new and convenient piece of Dining Room Furniture, being not only an excellent Refrigerator, Water, Wine and Milk Cooler, but ornamental and, in a modest way, useful as a Sideboard. When not wanted for the latter, the shelf can be removed, the cover closed, when the article will appear simply as a handsome upright Refrigerator.

N. B.—The Table-Ware that appears in the cut is to show the Sideboard feature, and, of course, is not included in the price.

Jewett's Portable Crock Filter,

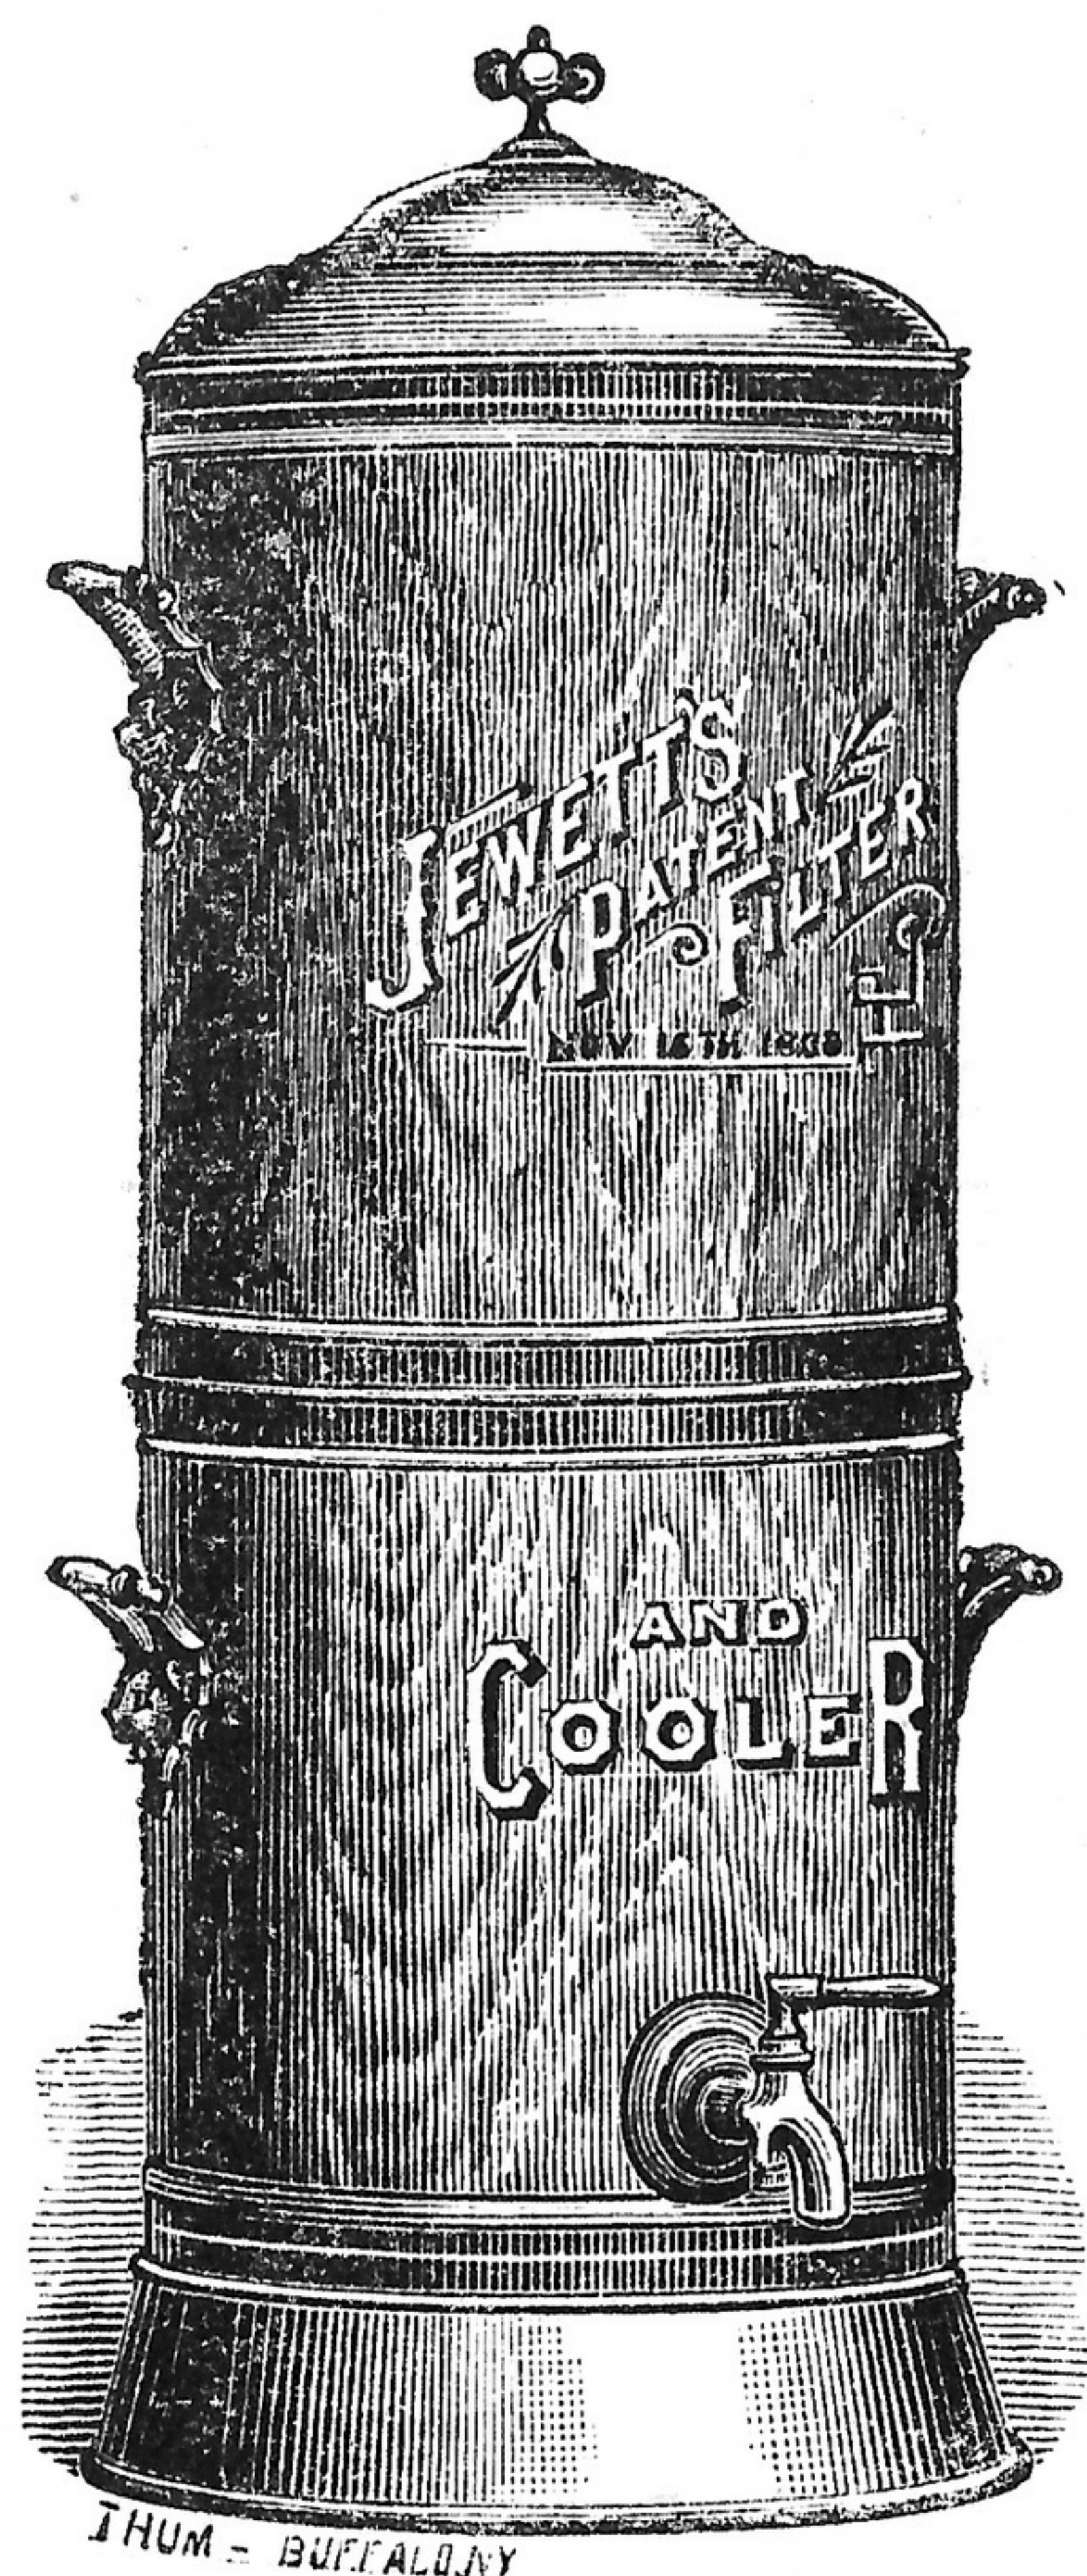

Patented November 16, 1869.

Patented October 15, 1878.

Patented September 23, 1879.

The Latest Improvement

Consists in placing the filtering material in a separate vessel or crock. The advantage being this, viz.: That whenever the filter part gives out, a new *crock* can be obtained, which will make the whole complete as when first purchased. We, therefore, recommend parties at a distance (instead of attempting to get the Filter re-packed) that they should purchase a new filter crock, the cost of which is moderate, and no more than the cost of repacking.

GRAINED OAK.

No. 61—Reservoir, 4 $\frac{1}{4}$ quarts, . .	\$6.75 each.
No. 62—Reservoir, 7 $\frac{1}{2}$ quarts, . .	8.75 “
No. 63—Reservoir, 11 quarts, . .	10.50 “
No. 64—Reservoir, 16 quarts, . .	12.50 “
No. 65—Reservoir, 26 quarts, . .	15.00 “

ORNAMENTAL STYLE.

No. 71—Reservoir, 4 $\frac{1}{4}$ quarts, . .	\$7.25 each.
No. 72—Reservoir, 7 $\frac{1}{2}$ quarts, . .	9.25 “
No. 73—Reservoir, 11 quarts, . .	11.00 “
No. 74—Reservoir, 16 quarts, . .	13.00 “
No. 75—Reservoir, 26 quarts, . .	15.50 “

READ EXTRACTS FROM A FEW OF THE MANY TESTIMONIALS RECEIVED.

ISAAC S. WILLIAMS & Co., 728 Market St., Philadelphia, Pa.—We have sold your “Patent Water Filter” for the last six years. Our sales in that time having reached upwards of five thousand, and in no instance have we heard of any failure in performing all you claim for them.

CHAS. E. ANDREWS, Danbury, Conn.—I bought one of your Filters and Coolers over eight years ago, and have had it in constant use ever since, and it works as well now as at first. I have put in water from our water works when it smelt so strong that I had to turn my head. The same water, after passing through the Filter, was as pure and sweet as the best spring water.

F. J. TOURTELOT, Commissary, Pullman's Palace Car Co.—I take pleasure in saying that for the time we have used your Filter and Cooler, some three years, it has worked admirably in filtering Mississippi water.

CHRIS. C. COX, M. D., Board of Health, Washington, D. C., August 27, 1875.—I am just in receipt of your favor of yesterday, requesting my opinion of the “Jewett Filter” purchased of you several months ago for my personal use, and am pleased to say that it has fully answered your expressed estimate of its value. As a cleanser and purifier of drinking water it is certainly not excelled by any mechanical arrangement known to me. *The foregoing remarks apply equally to the larger Filter of the same make, purchased for the Board of Health.*

A House of 44 years' standing. J. W. BOTELER & BRO., Washington, D. C., writes as follows:—We have tried for ten years to get a Filter that would cleanse the Potomac water, but never succeeded until “Jewett's Patent Filter” was introduced, which gives complete satisfaction.

DEMMLER BROS., Pittsburgh, Pa., says:—After a heavy rain our water is very muddy, but “Jewett's Filter” makes it as clear as crystal, and removes all unpleasant taste and smell.

FLINN & JACKSON, Wilmington, Del., says:—Many of our customers who have used “Jewett's Filters” have voluntarily come in and spoken in the highest terms of their satisfaction in using them.

B. NATHAN & Co., San Francisco, Cal., says:—“Jewett's Patent Filter and Cooler” is just what is wanted. It gives perfect satisfaction, and sells well.

ATLANTA, GA., June 3, 1879.

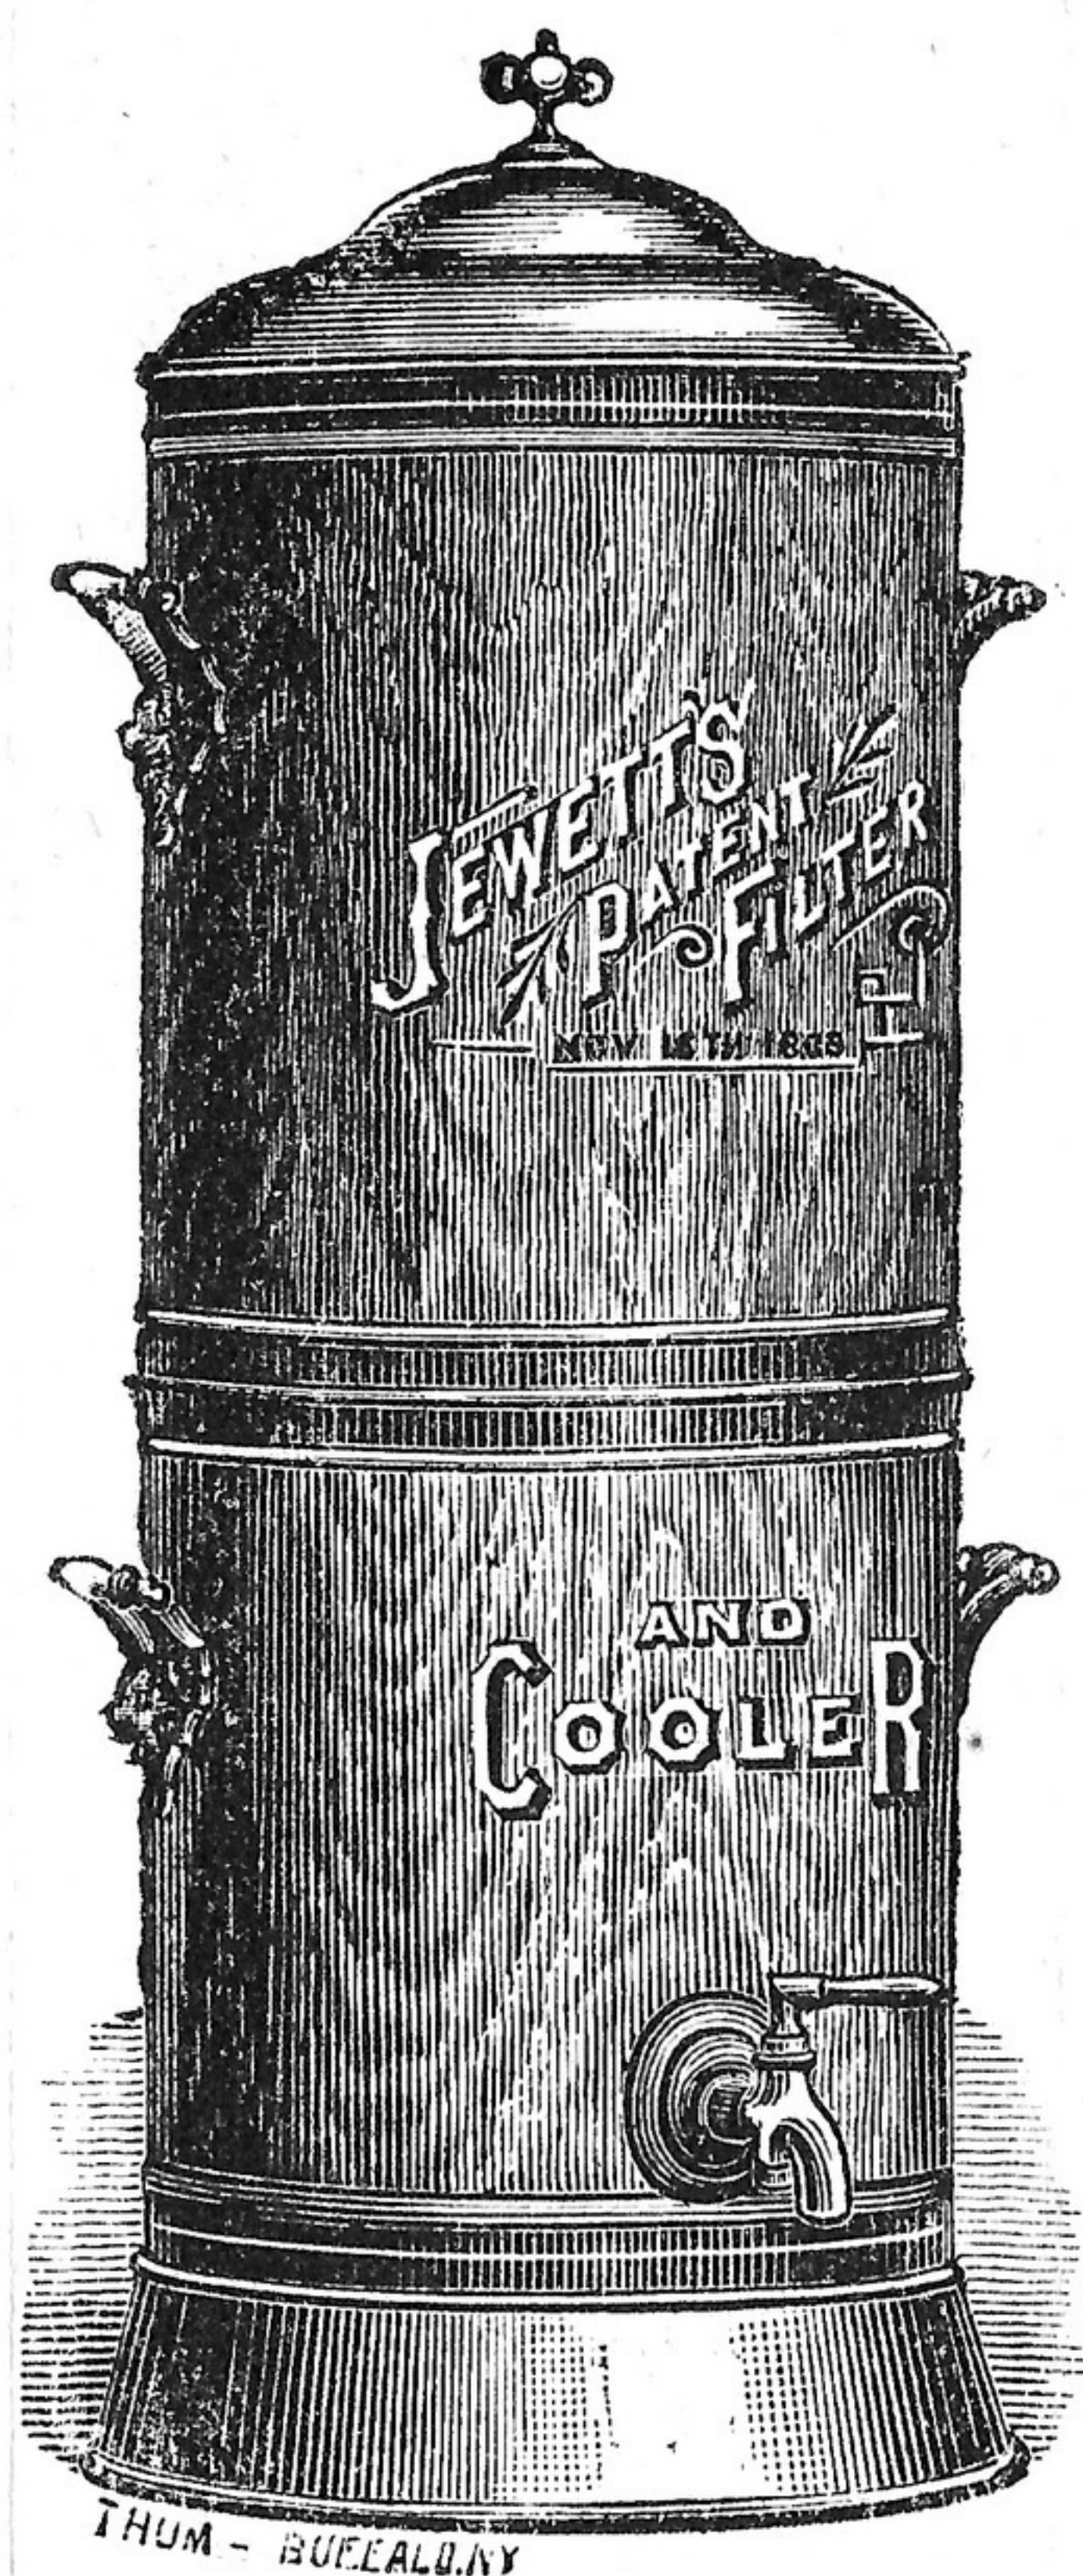

Messrs. McBRIDE & Co., Atlanta, Ga.—I am using one of your Jewett's Patent Water Filter and Cooler, it is one of the best I ever saw, it works to my entire satisfaction, makes the water clear and pure and sweet. Respectfully, F. M. JACK, Confectioner.

THE JEWETT FILTER

For Rain, River and Hydrant Water.

A Filter (not a Cooler) adapted to Filtering a large quantity of water for drinking, cooking and all household uses.

Water for cooking should be filtered; it is just as necessary as water for drinking. These Filters being made of Galvanized Iron are very durable.

This new Filter is made with the *Removable Filtering Cup* in which is caught all filthy sediment contained in the water, which is thus prevented from passing into the filtering bed.

THIS FILTERING CUP,

which can be readily removed and cleaned, is of immense advantage and a feature possessed by no other filter.

THREE SIZES.

No. 6.—Capacity 6 gallons,	each, \$6.00
No. 9.—“ 9 “	“ 7.50
No. 14.—“ 14 “	“ 9.00
